# Hyvä muistaa!!!

- Sama salasana toimii IEC:n, CENELECin ja SESKOn palveluissa
- My IEC & My NewDocs
- Loppuäänestysversiot (FDIS) poistuvat IEC:n verkkosivuilta äänestysajan päättymisen jälkeen (tallenna itsellesi, jos tarvitset)
- Uuden salasanan saa IEC:n ja SESKOn verkkosivuilta <https://sesko.fi/osallistuminen/ohjeita-asiantuntijoille/>
- Eurooppalaiset EN-ehdotukset jaetaan sähköpostilla

# www.iec.ch – My IEC

The screenshot shows the IEC website homepage. At the top, there is a navigation bar with links for 'Advanced search', 'Webstore', 'IEC PSP', 'e-tech', 'Online learning', and 'Contact us'. Below this is the IEC logo and the text 'International Electrotechnical Commission'. A secondary navigation bar contains links for 'Standards development', 'Conformity assessment', 'Where we make a difference', 'Who benefits', 'News & resources', and 'Programme & initiatives'. A red box highlights the 'My IEC' menu, which includes 'DashBoard' and 'Logout' options. The main content area features several news items: 'We were honoured to welcome Her Royal Highness the Princess Royal to the 88th IEC GM', 'IEC at COP Supporting climate action', 'IEC Global Impact Fund Putting our work into action', 'IEC e-tech Tackling PFAS regulation', and 'How we contribute The IEC vision and mission'. Below this is a 'News & blog' section with four article thumbnails: 'Digital transformation', 'IEC Community', 'IEC Community', and 'IEC Community'.

# [www.iec.ch](http://www.iec.ch) – TC tools

The screenshot shows the IEC website's navigation menu. The 'Standards development' menu item is expanded, and the 'TC tools' option is highlighted with a red rectangular box. Other menu items include 'Standards development', 'Conformity assessment', 'Where we make a difference', 'Who benefits', 'News & resources', 'Programmes & initiatives', and 'Who we are'. The main content area features a large blue banner with the text 'TC tools' and a description: 'IEC has developed a number of online tools and services designed to help everyone with their daily activities'. Below the banner, there are several service tiles, each with an icon and a title.

# www.iec.ch – Advanced search

The screenshot shows the IEC website's navigation bar with the following items: [Advanced search](#) (highlighted with a red box), [Webstore](#), [IEC PSP](#), [e-tech](#), [Online learning](#), [Contact us](#), and [My IEC](#). Below the navigation bar is a horizontal menu with links: [Standards development](#), [Conformity assessment](#), [Where we make a difference](#), [Who benefits](#), [News & resources](#), [Programme & initiatives](#), [DashBoard](#), and [Logout](#). The main content area features four large image-based tiles: 1. A woman speaking at a podium with the text "We were honoured to welcome Her Royal Highness the Princess Royal to the 88th IEC GM". 2. Aerial view of solar panels with the text "IEC at COP Supporting climate action". 3. Wind turbines with the text "IEC Global Impact Fund Putting our work into action". 4. A man in a suit with the text "IEC e-tech Tackling PFAS regulation". A fifth tile on the right shows a camera lens with the text "How we contribute The IEC vision and mission".

## News & blog

# [www.iec.ch](http://www.iec.ch) – List of TC/SCs

The screenshot shows the IEC website's navigation bar with the following items: Advanced search, Webstore, IEC PSP, e-tech, Online learning, Contact us, and My IEC. Below the navigation bar is the IEC logo and the text 'International Electrotechnical Commission'. A dropdown menu is open under 'Standards development', listing: Understanding standards, List of TC/SCs (highlighted with a red box), TC/SCs facts and figures, TC tools, and TC/SCs resource area. The main content area features several news items: 'We were honoured to welcome Her Royal Highness the Princess Royal to the 88th IEC GM', 'IEC at COP Supporting climate action', 'IEC Global Impact Fund Putting our work into action', 'IEC e-tech Getting ready for the quantum leap', and 'How we contribute The IEC vision and...'. The text 'News & blog' is centered below the news items.

## News & blog

# Online Standards Development (OSD)

- Digitaalinen alusta, joka sijaitsee pilvessä ja johon IEC-työryhmän (WG/PT/MT) jäsenet voivat muokata tekstiä.
- Helpotetaan ja nopeutetaan standardien valmistelua ja niiden hyväksyntää ja mahdollistaa uusien standardituotteiden kehittäminen (XML-muoto).
- Suomalaisille SK-komiteoiden ja SR-seurantaryhmien jäsenille se näkyy lähinnä siitä, että standardiehdotuksen ulkoasu poikkeaa vähän normaalista.
- Kommentit voi tehdä joko suoraan verkossa olevaan standardiehdotukseen (SESKO:n vastuhenkilö hyväksyy kommentit Suomen kommentteiksi) tai lausunnot voi lähettää edelleen kommenttilomakkeella SESKOon, jolloin SESKO:n vastuhenkilö kokoaa ne.
- Vuoden 2025 alusta on tarkoitus tehdä uudet standardiprojektit OSD-alustalla.
- <https://sesko.fi/osd-alusta-kayttoon-iec-standardien-valmistelussa/>
